Best

3

### Manufacturing

A global manufacturing hub for the foreseeable future; increased competition from other Asian markets and LATAM present viable alternatives.

2

### Fluency in English

English fluency is on the rise but foreigners should have an interpreter and adapt messaging to local dialects.

4

### Select opportunities for business

Reaching growing urban consumer base through online advertising and social media could yield meaningful ROI.

3

### Ease of doing business

Challenges exist. Hire legal experts and local partners to help you setup and operate.
